

TUBA UT-10-O3

The TUBA UT-10-O3 ozone generator is the most advanced solution for clean and purified air. Designed based on advanced technology, it effectively produces ozone, eliminating unpleasant odors, bacteria, viruses, and other airborne pollutants in various environments. Thanks to its compact size, it is perfect for both domestic and commercial use, providing a breath of fresh air wherever needed. Say goodbye to stale odors and welcome a healthier, fresher atmosphere with the TUBA UT-10-O3 ozone generator.

Dane techniczne

Ozone output	10 g/h
Efficiency	170 m3/h
Ozone generation method	Wyładowania koronowe
Air flow	do 2.8 m3/min
Cooling	Powietrzem
Electric supply	230V / 50 Hz
noise level	< 35 dB (A)
Durability	> 8000 h
Humidity	< 85%
Working temperature	14 - 28 Co
Dimensions	261x169x155
Weight	3 kg
Working environment	Pomieszczenie zamknięte

Advantages of use:

- Removes unpleasant odors and disinfects residential, office, hotel rooms, etc.
- Neutralizes bacteria and viruses from the surfaces of objects
- Eliminates odors and disinfects cars
- Removes mold from air conditioning
